The February 4th meeting of the Gleichen Standard 4-H club came to order with James Walker presiding. The roll call was taken and the minutes of the previous meeting were read.

A motion was made stating that members who are interested in the club should attend the Little League in St. John's, N.S. and that the club should be organized in the future.

The club then adjourned for the month of February.

## EXPANSION NEEDED AT UNIVERSITIES

The Province of Alberta is in the midst of a population explosion, the effects of which are just beginning to be felt at the University of Alberta.

The University of Alberta is in the midst of a population explosion, the effects of which are just beginning to be felt at the University. By 1981 we could have a total provincial population of two million that is, almost double present figures. At the University, student enrolment is expected to more than triple in the same period.

The University of Alberta was founded in 1908 and grew slowly but steadily until the end of World War II when the influx of veterans tripled the student population in three years. After a brief decline following the graduations of the veterans, enrollment figures increased at an unprecedented rate.

Between 1871 and 1938 no permanent teaching space was created on the University campus. However, the sudden expansion in student numbers after the war made it necessary to increase the typical facilities, and the role of

Between 1971 and 1978 no permanent teaching space was created on the University campus. Each campus growth has been

growth has had to be accelerated to keep pace with rapidly increasing student numbers, at both the undergraduate and graduate levels. Such rapid growth has made necessary to pursue great care to make best use of a diminishing amount of free space on the Edgewood campus and led the Board of Governors to establish a planning committee to advise on planning and use.

The Committee first formulated principles upon which the planning of the development of both campuses might proceed, then estimated the size to which the student body of each campus was expected to grow. This information in turn was

ments and from that, new buildings required. The location of each building depends upon what facilities will occupy it and the relationship of that facility to all others on the campus as well as the heart of the campus, the Library.

Besides buildings in which instruction, planning must include provision for playing fields, residence halls, a cafeteria, office, parking lots, and so on. The Board of Governors of the University accepted the conclusion of the planning

It is obvious the University of Alberta is facing a period of transition. The Board of Governors has accepted the recommendation of the planning committee that additional space will be required for the orderly expansion of the University of Edmonton, and have been making arrangements to acquire property in the area immediately east of the campus. At Calgary there is ample land to take care of requirements for many years to come.

It is obvious the University of Alberta is facing a period of tremendous growth on both campuses in student numbers and in physical plant.

## Cluny

The regular meeting of the Cluny Chapter was held at the home of Mrs. Margaret on Thursday with 13 members and two visitors present. Plans were made to serve lunch at the Easter Monday dance and to enter a wedding bouquet in June. Several members will help to prepare for the Cluny Society. Mrs. Norma Jean Gray, Home-Speaker and gave a very interesting talk on "Living Figures and how to make perfect finishes on curves and corners. The entertainment was given by Mrs. Chen. Corbett. Lunch was served by the hostess Mrs. Margaret and assisted by Mrs. B. Helander and Mrs. M. Senn. The May meeting will be held at the home of Mrs. J. Rattley. The final basketball game of the season was held at the school Friday evening. The Cluny girls won over the Cluny girls 5-2. The Cluny boys won over Cluny 10-14.

 Also Capt. of Agr.; C. M. B.  
 and J. J. Bradley.  
 By vote of members J. A. B.  
 Arthur was elected chairman  
 the Agricultural Service Board.

The Field Supervisor indicated that he was preparing a list of author where there are investigations on railway properties. After completing the list he will give the necessary notice to the companies concerned.

County Weed Map. The Field Supervisor presented a map of County on which was shown weed infestation as far as his information permitted. This map met the approval of all members.

Weed Demonstrations. The vice board plans to set up a

the use of chemicals on mine lands under the provisions of the Federal Coal Leasing Act.

Vulcan Weed Control. School C. Walker gave a report on Weed Control School which was attended February 15.

Rosebud Seed Plant, R. and, and that these agents be a commission of the per-mileage of the county. The charges be handled through the County Office and the Rosebud Aerial Spray with no commission.

Moved that we recommend to County Council the ordering of 1000 lbs. of Malathion and 500 lbs. of Dieldrin and that they be placed at the above specified County Weed Program.

c.—Although it is difficult to set an appropriate testing time to suit everyone, experience shows that the fall and winter months are the best time.

d.—Farmers with large herds should consider splitting up their cattle into designated smaller lots; such testing can be carried out on a smaller herd basis and if a lot appears to be re-testing is confined to that specific herd.

the pressing to spread the disease to other parts of the country. The Director indicated that there is no sign at least for the disease. Surveys would be very difficult to make an eradication program. At present regulations vary and may find this disease in some areas. The Director indicated that as a notifiable disease, therefore, the public at large is not aware of it.

Due to the seriousness of the disease it is presently felt that the Provincial and Federal Governments should have reviewed the legislation whereby it would be listed as a notifiable disease.

Whooping disease can be so severe it may cause considerable duration in calf crop.

SAYS DR. KRIEK**

Krieh, a meteorologist and former engineer, in Denver, Colo., claims he can forecast conditions years, or even decades, in advance. He was consulted by President Kennedy's Commission on the Causes and Prevention of the Assassination in January 20, 1964, and warned the committee to

More orthodox meteorologists, however, have little respect for Krick's methods and even his claims of success: "There are no useful long range forecasts which are virtually impossible."

But in southern Alberta where the weather engineering has been going on for years, farmers say they have tamed themselves. "Krick to destroy had better not destroy their crops," Krick says. "The atmosphere, by air mass control, will be used along with other

## Agricultural Service Board

Continued from page 1

On behalf of all present, chairman Macdonald thanked Dr. J. A. Bradley and C. McCann for their presence at the meeting and for the information placed at the board's disposal.

Some concern was expressed over the lack of soil conservation policies in the County of Wheat No. 18. It was felt that for more at large would be wise to consider soil conservation policies as a portion in their particular program.

on *Chrysomelids* against *Chrysomelids* is the use of *metolachlor* (aerial) as a pre-treatment if you know you have plants which are heavily infested with *Chrysomelids*. Don't use them later on summertime when you start to do trap eggs and larvae out the young grasshoppers. Be sure and leave trap strips on where grasshoppers are common. If you have a lot of trap strips promptly and cultivate them as soon as they have served the purpose. Seed your grain crop as late as late-corn crops are most likely to be damaged. And remember, over-grazed pastures are a potent source of danger. Watch them closely for young hoppers. Watch the infested areas early. Chemical control is not recommended. Proved chemical sprays and insecticides at recommended rates is a practical and effective method of control.

troubling grasshoppers. For control and other crops the recommended insecticides are Aldrin, Dieldrin, Heptachlor and Toxaphene. The approved chemicals for home crops—hay and pasture—are Malathion and Sevin. Livestock must not be fed or watered with insecticide-treated hay. Dieldrin, heptachlor and Toxaphene are poisonous. Follow label precautions and directions carefully.

**Keep informed.** More detailed information on grasshopper control can be obtained from your county Agricultural Agent, your State Agricultural Secretary, or National Extension Agent. Your local elevator agent is in a position to help you to obtain the chemicals you need. Order your chemicals at once. Kill these grasshoppers early and save sugar. Early action will be **good insurance** against serious grasshopper losses in 1962.

**90% of all oil company product research in Canada**  
is done by Imperial

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from seascines to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

### 'O CANADA'

Reading the editorial in this issue, you would get the impression that the government has been very busy. It has been so busy that it has not had time to do anything else. This is a pity, because the government has a lot of work to do. It has to take care of the people of Canada, and it has to make sure that they are happy and healthy. It has to make sure that the economy is strong and that there are jobs for everyone. It has to make sure that the law is enforced and that the courts are fair. It has to make sure that the country is safe and secure. It has to make sure that the future is bright and hopeful. It has to make sure that the people of Canada are proud of their country and their government.

### Stampede Togs

Stampede togs are the most popular of all clothing. They are the clothes that everyone wants to wear. They are the clothes that make you feel like a cowboy. They are the clothes that make you feel like a part of the cowboy culture. They are the clothes that make you feel like you are in the heart of the cowboy country. They are the clothes that make you feel like you are a cowboy. They are the clothes that make you feel like you are a part of the cowboy life. They are the clothes that make you feel like you are a cowboy. They are the clothes that make you feel like you are a part of the cowboy life. They are the clothes that make you feel like you are a cowboy. They are the clothes that make you feel like you are a part of the cowboy life.

### Dominion Day Activities

There will be plenty of "hats" on the streets of Strathmore on Monday, June 13, as the town celebrates Dominion Day. The day is being celebrated in a big way, with a parade and many other activities. The parade will start at 10 a.m. and will go down the main street of the town. There will be many floats and bands in the parade. There will also be many people on the streets, watching the parade and celebrating the day. The day is a very important day in the history of Canada, and it is a day that everyone should celebrate.

## Sponsored Tour

(Continued from page 1)

John Kruze demonstrated use of a snap-on-end tool handle (Chisel, L-1), which enables one man to easily carry and manipulate the 10-lb section of 6-inch diameter stainless tubing at one time. Following inspection of the Howard City sprinklers, the tour travelled to Strathmore for the lunch-hour break.

After lunch, the caravan travelled to the Piva Township farm, 2 miles east and 2 north of town, to witness a demonstration of the Piva Township Irrigation System. Mr. John Pivarski of Oats, who together with his brother Bill, are

engineers and developers of the Piva or sub-surface method of irrigation. The Pivarski Irrigation System, relatively simple device consisting mainly of a flexible, turnable, sub-surface or head-land pipe, is installed on a heavy chain similar to a chain or Oats chain. A 10-lb section is mounted directly ahead of the Piva to permit a chain, head and enough turn or cut. The Piva is adjustable to depths from 2 to 12 inches, is driven through the soil at 4 to 10-lb intervals. The installation procedure is a much faster method of sub-surface installation than the old method of hand digging to install the pipe. It is possible to install the pipe in a single row or in a zig-zag pattern, depending on the soil conditions. The Piva is driven through the soil at 4 to 10-lb intervals. ### F. U. A. Newsletter

Our election night news program and commentary gave the people of Canada the impression that the farmers in Western Canada during the past year had received adequate compensation from the Federal Treasury. This statement is totally untrue.

The only payment farmers received last year from the Federal Treasury was the \$1.00 per acre, with an average total of \$20.00 per acre. This payment was not made to all farmers but only to those with average yields of 20 bushels per acre or more.

Chapman from the Wheat Board are not government money, nor are they paid from the Federal Treasury. It is strictly the farmers' own money, payment for services rendered to the Wheat Board as a result of their work.

The general number of wheat seedlings and services used by farmers in Western Canada stood at 271.4 percentage points (1955-56) equal 1957 at the end of 1961, was paid with 20.0 at the end of 1961.

The University of Alberta has published the Faculty of Agriculture Calendar for the coming university year. Students interested in enrolling in the Faculty of Agriculture can obtain this calendar by writing the U of A.

The 46th Annual Farm Young People's Week started on June 21 in Strathmore and ran until the 27th. The winner of the Jr FUA County Contest, Miss Pamela Kettle of Warner was crowned as the final champion and was Dr. Walter Jones, President of the University.

## YOU HAVE A HAND IN THINGS CANADIAN

when you own Life Insurance  
In important Canadian enterprises—through the purchase of bonds and stocks and through mortgages. These hardworking dealers are helping to finance great projects all over this country such as pipelines, shopping centres, bridges and highways, homes, apartment and office buildings, schools, factories, industrial plants and power developments. These investments make employment opportunities. The income from these investments helps you directly by making the price of life insurance to you and the millions other Canadians pay for it.

**MEMORANDUM**  
DATE: 8-6-68  
TO: THE BOARD OF DIRECTORS  
FROM: THE MANAGER  
SUBJECT: THE STRATHMORE STANDARD  
RE: The Standard has been published for over 100 years and on this date we have reached our 100th anniversary. It is a day of great significance to the community and we should mark it in some way. It is suggested that we publish a special issue on this date. This issue should contain a history of the Standard, a list of the names of the publishers, and a list of the names of the people who have worked for the Standard over the years. It is suggested that this issue be published on Thursday, August 6, 1968. This date is the 100th anniversary of the first issue of the Standard. It is suggested that this issue be published on Thursday, August 6, 1968. This date is the 100th anniversary of the first issue of the Standard.

# HERES WHAT'S SUPER ABOUT THE SUPER 92

Super handling... the Massey-Progress  
Super 92 Combine is never top-heavy or  
unstable because it has more fuel and smooth.  
Super dependability... it's a real  
bargain on uphump. Maintenance costs are  
low. Ask the custom operators who know.  
Super grain-carrying capacity... it  
carries close to the bumper 80 bushels.  
It takes all the grain in cuts—clean and  
free of chaffage.  
Super handling, dependability, capacity  
and economy... the Massey-Progress Super 92 is  
all its own. Call or come in now.  
Your choice of a Massey-Progress Model  
Time Payment Plan, too.

fast leaks in the water. Defective valves, often the reason the tube was discarded in the first place, are potential danger spots. Zippers and fasteners on swim suits can easily rip the tube.

The greatest danger in using an old tube in deep water. Sudden deflation leaves the swimmer with no support at all.

Non-swimmers should never use any type of artificial float with-

out supervision. Inner tubes or any other device, a bather could easily float into deep water and get into serious trouble.

#### Calf and Feeder Sale

These special sales will be held on each and every Tuesday from this date on to the year end. Make your plans now to market your calves and feeders at the High River Auction Mart. Export and Ontario interest is very heavy and these buyers like to buy through our plant because of its CLEANLINESS and because the cattle are under cover, thus reducing the chances of sickness to a minimum. Please feel free to contact us at any time regarding your cattle marketing problems.

### WHY FARMERS LEAVE

In the past few decades there has been a heavy migration of farmers from the farm to the city. The reasons for this are many. One of the main reasons is the lack of a good market for their products. Another reason is the lack of a good price for their products. A third reason is the lack of a good way to get their products to market. A fourth reason is the lack of a good way to get their products to the consumer. A fifth reason is the lack of a good way to get their products to the farmer.

It is interesting to note that the reasons for farmers leaving the farm are the same as the reasons for farmers staying on the farm. The reasons for farmers leaving the farm are the lack of a good market for their products, the lack of a good price for their products, the lack of a good way to get their products to market, the lack of a good way to get their products to the consumer, and the lack of a good way to get their products to the farmer. The reasons for farmers staying on the farm are the same as the reasons for farmers leaving the farm.

### Wedding Invitations

Thermo-engraved (RAISED LETTERS)  
Wedding and engagement announcements, birth announcements, congratulations, condolences, golden and silver anniversary announcements, etc.

#### Thermo-engraving

(RAISED LETTERS)  
Looks and feels like the finest hand engraving. The letters have an elegance and individuality only the finest hand engraving can match.

Thermo-engraving (RAISED LETTERS)  
Costs about half as much as hand engraving, because it doesn't use the expensive plate that makes hand engraving so expensive. AND IT'S READY WITHIN THE WEEK.

Of course you can order matching envelopes, cards, programs, response cards, etc. and of course we can deliver them on your guest envelopes of various sizes. 11 attractive styles of Invitations. Wedding programs in two to five to \$1.00 and \$2.00 for \$1.50, complete with double envelopes and inserts.

HOW MANY BANKING SERVICES WILL BE AVAILABLE HERE?

A complete range of banking services—because this is the site of a new branch of a chartered bank. Future customers will come here to do all their banking, because only in a chartered bank is it possible for all banking to be done under one roof. Each branch, large or small, offers a full banking service, from cashing a cheque to financing foreign trade. Each has a staff trained and eager to render the high standard of service that features chartered banking in Canada.

## PAUL FEEDER CATTLE & CALF SALES AT THE OLD AUCTION MART LTD.

SALES START AT 11 A.M.

Sales commenced Sept. 14th and will run each  
commenced week till next Friday.

During the month of October, Cattle Sales will  
be held on both Friday and Saturday, with these  
sales starting on Oct. 5th and 6th. This is expected  
to accommodate the heavy run and also to let  
the buyers finish out their orders the following day.

It is requested that if at all possible, list your  
cattle a day or so before the sale you intended to  
sell at, so that when buyers contact us we will be  
able to give them a more accurate picture of what  
will be on offer. All cattle sold on these Feeder  
Sales will be sold at 3% commission, this also  
applies to the Tuesday Sales at Cattle sold by the  
cattle. A night man will be on duty to receive

## Nielson Family Wins Master Farm Family Award

His Excellency the Governor General, Lord Tweedsmuir, has awarded the Nielson family of Strathmore, Alberta, the Master Farm Family Award for 1933. The award is presented annually to the family which has made the most progress in the development of its farm, and which has shown the most interest in the welfare of the community. The Nielson family, who have been farming in Strathmore for over 40 years, have been awarded this honor for their excellent record in the development of their farm, and for their interest in the welfare of the community. The award is presented by the Strathmore Chamber of Commerce, and is a recognition of the family's contribution to the development of the Strathmore area.

Mr. Nielson came to Canada from Sweden in 1882, and has since then been a resident of Strathmore. He has been a member of the Strathmore Chamber of Commerce for many years, and has been active in the development of the Strathmore area. His farm, which is located on the Strathmore River, is one of the best in the area, and has been a source of pride for the family for many years.

## EVERYTHING LOST IN SUNDAY FIRE

A mother and three children were without a home after fire blasted through their frame house in Strathmore Sunday afternoon.

Mr. and Mrs. Peterson who reside on the night shift at the Circle C. Cafe, was sleeping in the afternoon and her three children were playing in the yard. The children noticed smoke coming from the outside of the house and ran into the house which was filled with smoke and flames. The children were rescued by the fire department and taken to the Strathmore Hospital.

There was no time to get anything out of the house, but the fire department was called and the fire was extinguished. The house was a total loss and the family is now homeless.

# Many Thanks

We wish to express our sincere appreciation to all those who assisted us in so many ways, before, during, and after the Junior and High School Championship Hockey held in Strathmore last weekend.

Without your untiring efforts, the show could never have been the success it was.

Thanks everyone for everything.

good to keep

The new Canada Savings Bonds

pay 4 1/2% interest for each of the

first three years; 5% for each of

the next three years and 5 1/2% for

each of the final eight years - an

average interest to maturity of 4 1/2%.

In dollars and cents every \$100.00 you invest will grow with

accumulated interest to \$175.00 at maturity.

You can buy a \$200.00 bond for as little as \$10.00 a day, through the convenient Payroll Savings Plan where you work. Canada

Savings Bonds can also be bought for cash, or on bank drafts, 60 day bank, investment drafts, check, broker, trust or loan company.

They are available in amounts as low as \$20.00 by any Canadian resident - adult or child - up to a limit of \$50,000.00 per person.

For more information, contact your nearest Canada Savings Bonds Office or write to: Canada Savings Bonds, Ottawa, Ontario.

## Gleichen

By Mrs. L. N.

Mr. O. Gleichen was invited to be a member and was elected at the regular F.W.M.A. meeting on November 27. Resolutions to be voted on at the following convention were discussed.

The meeting decided to make members and guests for the Red Cross and give collecting leadership for the members.

Two papers read by Mrs. J. A. MacLachlan entitled "Forthright and Integrity in the Army" were enjoyed by all.

Next meeting at Mrs. Warren's on December 12 will feature the exchange of Christmas gifts.

Wholesome lunch was served at a provincial factory opened at Strathmore on November 28. Several lunch trays stayed on the table.

Mrs. Ferguson, who has been a patient in St. Mary's Hospital is expected home shortly.

Mr. Ken Duncan had the misfortune to break his leg when he fell while working in the field.

Congratulations to Mr. and Mrs. D. M. Smith on the birth of a son on November 27 at St. Mary's Hospital.

Mr. and Mrs. Dick Tower announced second funeral services were recently held in a service of appreciation of their many years of life.

One following Dick's accident, Mrs. Young underwent surgery in the St. Mary's Hospital on November 28 and is progressing favorably.

Congratulations to Mr. and Mrs. Ken Hill on the birth of a son on November 27 at St. Mary's Hospital.

### Donna Rockdale says -

With the Holiday Season comes plenty of decorated cakes, cookies and breads. The principles of design and the exercise of good taste in applying designs are basic to the effective decoration of baked products. In its simplest sense, design may be said to mean the selection and arrangement of material in such a manner as to produce order and beauty. And good taste in food decorations may be said to be the application of these principles to the use of decorative elements in such a way that both attractive appearance and utility are achieved.

The key to both color use in this type of decorating and the application of the decorative element is the moderation characteristic of good taste. With the exception of the rich dark browns, chocolate, or a sparing use of reds for frostings are the pale cream-bean yellow, light orange, pale green and the like. When deeper tones are used, a small amount of the decorative goes a long way.

#### THE DECORATING TOOLS

Since the application of decorations to cookies, cakes and breads demands a light touch and may also demand quick work, tools which lend themselves to deft handling help to make the task easier. Tools are needed for spreading, swirling, outlining and piping in particular.

A flexible spatula with a relatively short narrow blade, short wide blade, long wide blade, pointed blade at a slight angle to the handle, or a serving spoon can be used effectively to spread frosting between layers, on top, and on the sides of cakes or sweetbreads. The bowl of the spoon is especially adaptable to swirling frosting in a decorative pattern.

A pastry tube or a decorating cone made from a triangle of food or parchment paper is used for making rosettes, flower petals or for writing names and greetings. For edging, outlining, or writing a legend, it is helpful to make the border or the letters with a fine line, drawn lightly on the frosting or crust, with a wooden pick.

A pair of fine tweezers is invaluable for placing tiny marbles, decorations, bits of candied fruit, or nuts neatly and accurately in the desired pattern. A fine wooden pick can often be used to pick up and place marbles, currants or bits of nut fruit.

#### THE DECORATIONS

Small metal, plastic or chocolate wafers, placed on top of hot cookies, right after they are taken from the oven, melt quickly and can be spread to a useful and easy frosting.

When colored sugars, candy decorations, whole or sliced almonds, whole or chopped walnuts, candied fruits and the like are used as decorations for cookies, cakes or breads, they are usually arranged in the desired design before the food is baked. A light surface brushing of egg white acts as the binder on which to place the decorations so that it will stay in place.

**"Tides in the WEST"**  
A WHEAT POOL STORY  
If he was a pioneer, he'll relive all the trials and tribulations of growing and marketing grain in the early days. And he'll feel once more that sense of pride and achievement gained when he and his neighbors joined together to build the Alberta Wheat Pool.  
If he is a younger man, he'll still want to read of the errors and circumstances leading up to the pioneer farmer's decision to organize his own marketing organization and the achievement of this first co-operative on behalf of farmers over the past four decades.  
"Tides in the West" is a 400-page, hard covered book, which deserves a place on the bookshelf of every grain farmer in Alberta.  
Available now in bookshops or from your local Alberta Wheat Pool branch

**Everyone likes to Own Something!**

Today, most people want their own cars, their own homes and a dozen other things. Why is this? Although each individual may have a slightly different answer, it all boils down to a single idea... that in one way or another, people benefit most from things they can own. You can be an owner, too, if you can cooperate with your friends and neighbors. Co-op ownership of the ownership! They all share the benefits, too.

# Christmas

**CHRISTMAS**—a wonderful time of the year  
Filled with glad tidings and holiday cheer!  
Friends are remembered and cares put away  
Families together—on this special day!

**CHRISTMAS**—its spirit surrounds us with joy  
In jolly St. Nick and a shiny new toy  
It's found in the turkey—in green mistletoe  
In gaily wrapped gifts and in soft candle glow!

**CHRISTMAS**—the world is alive with our love  
It's bright and exciting and sweet as a dove  
This is the time when we think of our brother  
A beautiful life—when we help one another!

## Donna Rockdale says -

In the true spirit of Christmas, may my wish to you be for a happy and rewarding holiday season, when we may be joyful in giving, truly grateful in receiving and ever mindful of the needs of others. So that your family, young and old, may share in Christmas preparations, here are three suggestions that even the youngest in your family can help to make:

### CHOCOLATE PEAKS

1. Cup Butter or Margarine
2. Cup CO-OP Coconut
3. Cup CO-OP Vanilla
4. Cup CO-OP Sugar
5. Cup CO-OP Unsweetened Milk
6. Cup Semi-sweet Chocolate Pieces

Melt the butter in a small saucepan over very low heat, measure the king sugar. Put this in a bowl and add the coconut, vanilla and milk. Drop only wafers on by teaspoonful. Shape the wafers with your fingers. Let them stand 15 minutes. Now, sprinkle with 1/4 cup semi-sweet chocolate. Dip the peaks of your wafers into the melted chocolate.

### STUFFED DATES

1. Cup Butter or Margarine
2. Cup Sugar
3. Cup CO-OP Vanilla
4. Cup CO-OP Unsweetened Milk
5. Cup Semi-sweet Chocolate Pieces

Butter the butter with a spoon, melt and measure the king sugar. Add the king sugar to the butter, and melt. Stir in the sugar, milk, vanilla and chocolate. Shape the wafers with your fingers. Let them stand 15 minutes. Now, sprinkle with 1/4 cup semi-sweet chocolate. Dip the peaks of your wafers into the melted chocolate.

### MINTED WALNUTS

1. Cup Light Corn Syrup
2. Cup Water
3. Cup Walnuts
4. Cup White Sugar
5. Cup Vanilla
6. Cup Walnuts

Combine the syrup, sugar and water in a saucepan. Cook over medium heat, stirring constantly until mixture boils. Continue cooking to soft-ball stage (235 degrees F) or until a small amount of the mixture forms a soft ball when tested in very cold water. Remove from heat, quickly add walnuts and vanilla. Stir well. Pour into a bowl. Let stand 15 minutes. Now, sprinkle with 1/4 cup semi-sweet chocolate. Dip the peaks of your wafers into the melted chocolate.

## DRY AIR HAVOC

- Irritated nose and throat
- Furniture dehydration
- Excessive fuel cost

**LENOX Humidispray, Humidifier**  
**Automatically Softens Air**

Do you have squeaky doors? Does the "cold and sore throat" season hang on at your house?

Chances are your home is drier than the Sahara! And the lack of moisture is taking its toll. It's costing you in family comfort, health and hard cash.

Automatic Humidispray adds

multiple spray-type humidifiers, all hooked to your heating system will end these problems forever. And it costs you nothing to enjoy the advantages of moisture-saturated air — for the Lennox Humidifier's actually paid for itself! It will keep the air in your home at a constant, healthy humidity level. Your furnishings won't dry out. And your furnace will heat your home a lot faster — because moisture saturated air flows warmer!

## Season's Greetings . . . To All!

Christmas, the season of open doors and open hearts, is with us again.

The year 1962 has gone by very swiftly, filled with hopes and joys, struggles, work and worries that make up your lives and ours.

We Calgary Power people, technical and office staff and most particularly the district staff that serves you, are glad that Christmas gives us the opportunity to send you, our friends and customers, a wish for happiness in the coming year.

The happiness that comes from good will and understanding.

For you and yours - may this Christmas and the coming New Year be filled with health and prosperity.

## Strathmore Flyers Defeat Taber

They did it, and they did it in style. The Strathmore Flyers defeated the Taber Flyers 3-1 in a hockey game last night. The Flyers were led by their captain, who scored the winning goal in the third period.

The game was a tough one, but the Flyers were determined to win. They played a fast and aggressive game, and their defense was solid. The Taber Flyers were out of sync and the Strathmore Flyers took advantage of their mistakes.

## FUA Newsletter

The week-long annual convention of the Farmers' Union of Alberta, which was held in the Grand Hotel in Edmonton, to meet the members of the Union, has been attended by 400 delegates including officials and visitors from nearly 100 persons from all over the province and from the neighboring states. It was a well-attended and successful year meeting.

A general discussion on what should be done for the Alberta farmers was one of the many highlights of the convention. The delegates came up with a long list of suggestions which they considered of great importance. On top of the list was the problem of the small farm. It was suggested that the government should take steps to encourage the small farmer to produce more food for the province. A resolution was passed to the effect that the government should take steps to encourage the small farmer to produce more food for the province.

Next year's annual convention will be held in Calgary.

OLD-FASHIONED Christmas Wishes

We're old-fashioned enough to get sentimental about Christmas... to compare our visions of happy reunions, stockings hung by the hearth, and the joy of the season.

**BUDGET COMMITTEE REPORT**

The Building and Repair Committee will postpone further work on the Cary Science Room until assured to proceed by the Finance Committee.

Ed Feil, chairman for Johnson Construction Ltd., contractors for the Strathmore Senior Citizens Home attended the meeting to report on building progress. The specifications demanded that concrete cannot be used and this creates takes much longer to handle and cure than does portland cement. Johnson Construction had gravel mix tested and a proper concrete mix was designed in the laboratory however during construction there was a slight change.

### Resuscitator Purchased By Fire Dept.

The Strathmore and District F. department are pleased with results of their recent drive for the purchase of a remounted truck. Their goal reached and F. Chief Rhodes had this to say.

The members of the department greatly appreciate the assistance given us in this regard by the citizens in the traffic and some donated money. The wonderful co-operation expressed resulted in this being a total success."

Winners were: W. C. Campbell, Harold George Sims, Shoulders and Jerome Hanson, Strathmore.

According to Shinden, this rescue kit is available to everyone in the area and can be used in a variety of emergencies, including poisoning, heart attack, choking, alcoholism or any other emergency. Anyone needing this service should contact the telephone operator in the same manner as you would in an emergency, giving your name and exact location to the Fire Department. The Fire Department will respond to all requests immediately.

## League Leaders Topple Strathmore

### By A 6-4 Count December 22nd

The December 22, the Strathmore Flyers were turned back by a 1-0 loss by the Big Six League leaders Ardmore, before over two hundred fans King was the captain of the night thinking that three times for the winners but Coach Wilson did his part. That King is tough to stop—the came from the Junior Buffalo of the last year.  
Wilson looked at [redacted] with his two goals and an assist and liked Szahaly. Although Jack didn't get more than an assist, he was out there skating both ways and must have been given credit for a good effort.  
The next home game is on January 12 when the Flyers play host to Great Falls. The cellar dwellers of the south section

Strathmore got the first goal when "Strassen picked up a pass from Wilson at centre ice and went off-line to produce a picture goal." The 10:21 mark of the first frame but Winchester tied it up a minute later and Talbot added another to retire the period 2 to 1.

Each team scored three goals in the second period and King was the only scorer. Another tie, 3-3, was a fight filled 20 minutes.

MacDonald and Kennedy tangled at the 5:44 mark and they each saw 5 minutes to cool off. MacDonald got an interference as well. Then at 9:42 Plante was off for 10:00 for High Sticking and Wilson was seen in for hooking and when he returned his displeasure he was given a misconduct as well as a suspension.

## Did You Know -

In 1961 there were no reports of golf ball or larger size hail in the target and 14 reports outside. This compares to no reports of golf ball or larger size in the target and 156 reports outside in 1952. There was one report of golf ball size on the boundary of the target on July 30. On that day there were 23 reports of larger than golf ball size (some larger than baseball) outside the target and in one area livestock were killed.

**TO COUNTY SUBSCRIBERS**

If for the convenience of County subscribers we have launched our edition on responsibility request that you sign and mail to us office.

You have not already done so. On the reverse side you will find the coupon to accurately acknowledge all your orders to do so to get it right. We hold it in our hands as if holding it was doing along the same road.

We stress that this does not mean the subscription rate by the County. It only serves to ensure the postage paid Standard. Being information furnished on this, no page.

We think the money has been spent on our request. That means very well as it would both the success in this action. One is all that is required.

**TO THE RATEPAYERS OF THE COUNTY OF WHEATLAND NO. 16**

I wish to receive the Strathmore Standard and Rural Alberta each week, and I am in agreement that the cost of which he paid out of the General Revenue of the County of Wheatland.

**DATE \_\_\_\_\_**

**Signed \_\_\_\_\_**

**Address \_\_\_\_\_**

This will not increase the subscription cost to the County. It only serves to decrease the amount of postage paid each week by the Strathmore Standard.

## Former Brooks Contractors Plan Provincial Wide Industrial Service

It has been confirmed by Mr. Charles and Mrs. Albert C. Brooks, that former employees of the Brooks Construction Co. are now more active, than ever, in the construction industry in the province.

These Brooks and Brooks are now in the construction of large flat-top industrial buildings in the West.

Mr. Charles said they thought that the time had come when they could combine their experience and buildings in this area and surrounding districts.

They plan, however, to build for the entire province. They are very active in the Western Canada area, and are now in the U.S.A.

First coming in to the work will be the building which will house the steel and part of the workshop. Other buildings are being planned for the future. With the final goal, hydraulic power will be installed in the area. The largest of industrial buildings they are planning to build on the highway, west of Brantford. Messrs. Charles and

## Statement Shows Rockyford Is In A Sound Financial Position

The regular meeting of the Rockyford Village Council was held on September 22 with all members present.

The financial statement for the year was presented by Director Mr. Thompson. J. M. Young and the following figures were reported: FINANCIALS 1960

Council studied the statement in detail and found that the village was in good sound financial position. The statement showed the village had a total net balance of \$22,747.00. There receivables were \$6,777.00 and there payables amounted to about \$1500. There were also a few small accounts payable.

The statement also showed Capital expenditures for the year was \$26,000.00 and consisted of \$6,000.00 for the Village of \$20,000.00 for the Village of West, of which \$10,000.00 was recovered from Superfund, and \$7,000.00 due to installation of new irrigation system. Maintenance and operation of the irrigation cost an additional \$800.00. The statement also showed that the estimated and a slight overage in the water charges might be reasonable in 1962 would be \$6,000.00.

With this statement, a Village General Annual Report was presented for 1960, and a resolution was passed approving the appointment of an assessor from the Provincial assessor.

### Stop Waste Redundant Taxes

There is much to be said for a tax to be levied on the goods that are produced. It is a fact that a group of 10 on the taxpayers themselves to help in the effort to reduce the tax burden. #### A FEW COMMENTS

One of the main reasons for the success of the Strathmore Co-operative Association is the fact that it has been able to provide its members with a wide range of goods and services at prices which are well below those of the ordinary retail trade.

The association has been able to do this because it has been able to buy its goods in large quantities and to sell them at a profit. This has enabled it to provide its members with a wide range of goods and services at prices which are well below those of the ordinary retail trade.

## CONSERVATIVE BY MINORITY

The Conservative Party of Canada, which has been in the minority in the House of Commons since the election of 1930, is now in the minority in the Senate. This is a significant development, as it means that the party is no longer the largest in either house of Parliament. The Conservative Party has a long history of being a major force in Canadian politics, but it has been in the minority for a long time. This is a challenge for the party, as it must now work to win the support of the majority in both houses of Parliament. The party's leader, Arthur Meighen, has been criticized for his handling of the party's affairs, and it is unclear whether he will continue to lead the party. The Conservative Party must now focus on its policies and its ability to win the support of the Canadian people.

## THINK - Before You Vote

Social Credit SAYS -

FRANCIS J. PORTER

LEADERSHIP - The Social Credit movement will be pleased should any party consider the Social Credit movement as a serious contender for power in the next election.

PERSONALLY - I believe it is wrong to make promises that can never be kept. I would have the honor of representing the people of the province, regardless of their party affiliation. This promise I can and will keep.

WELFARE OF THE CANADIAN PEOPLE - A Social Credit administration would provide a universal portable pension plan to Canadian employees.

In Bow River Vote April 8th

PORTER, F. L.

FOLLOWER OR LEADER?

Most Albertans would rather take the lead than "follow the flock".

Other provinces which have adopted government power monopolies have done so because of conditions which do not exist in Alberta. Those who want to see the same thing happen in Alberta say, "They've done it. So should we."

Does this political argument make sense? Does it mean we should "follow the flock" in other ways too? Because we have no provincial sales tax in Alberta, does this mean we should impose one?

Overseas, some of Canada's important trade companies have realized that government-owned electricity is a costly mistake, and are restoring free enterprise utilities. In the United States, with the world's highest standard of living, 80% of all electricity is supplied by investor-owned companies.

Let's take the lead in Canada, and keep free enterprise free!

## Teaching the teacher

EXPERTS TELL US that about 90% of all automobile accidents are directly attributable to human failures of one kind or another.

Modern technology has succeeded in making today's cars and roads so safe as to be, it is said for drivers to catch up-through driver safety training. (Only this type of training will teach young drivers the kind of "safety-driving" so essential to safe driving.)

That's why the automobile insurance industry, and teachers themselves must first be taught.

**"I'm proud to be an ALBERTAN"**

"Proud to live in a province where individual rights are respected, and individual initiative is encouraged. A province where people have the right to be themselves, to be first persons, the men and women they are. 'Crushing socialism' would have removed their spirit from them, and that goes for me and my neighbours today!"

Alberta's electrical resources, her farms and other businesses, were developed by individuals with initiative and faith in the future. They took risks - and the risks were great - because they believed in a land that belonged to individual men.

This great individualism is still very much alive in the spirit of modern Alberta. We believe that most Albertans intend to keep it alive in the province of ours!

## FUA Newsletter

The structural setup of the PIA is characterized by the fact that the subdistricts will become co-terminous with those of MFV Counties and TDs. This will facilitate the work of the organization (CIC) in the future in the formation of subdistrict boards. Members of these boards are the elected sub-district officers, plus representatives of farmers, peasants, and workers. A considerable number of these boards have been formed. Indications are that they can be very effective in their work, and it can be expected that in the near future they will be shown models designed to help them solve local and sub-district problems, will be solved much easier and more effectively. They will also facilitate co-operation with the government and the Party.

As a result of large steps there is for the near future a demand that fertilizers can be more supplied at the time farmers need them.

MCWCC WEED ESSAY CONTEST  
The North Central Weed Control Conference represents our three Provinces and a number of States. They have conducted a "Weed Essay Contest" for the past eight years offering a \$25.00 prize in each state of Province yearly and one \$200.00 scholarship. During this time, a Lubbock girl and a boy from Clive have won the Scholarship and each year a boy or girl in Alberta wins the \$25.00.

**Champion Ground Grip**

Treater than that dip and spin that you money in time and fuel. Why not spend it on a new set of **Champion Ground Grips** instead? The deep, tapered traction bars really dig in to help you dig your wheels in less time. Curved and tapered bars adjust all at once. You get a clean, full bite all the time. And each bar is buttressed to prevent bar-end body punching. This advantage of our low-mile price. Buy your Champions now on easy **Plan Budget Terms**.

### 6 -- DEBENTURES -- 6

**STRATHMORE CO-OPERATIVE ASSOCIATION LIMITED**

(Incorporated under the Co-operative Associations Act of the Province of Alberta)

TO BE DATED JANUARY 31, 1958 TO MATURE FEBRUARY 2, 1968

Debentures are in denominations of \$100 or in multiples thereof.  
\$10 interest per annum is computed from the first of the month following date of purchase.  
First interest will be paid by cheque October 31, and every year thereafter, in each year.  
DEBENTURES ARE BACKED BY THE UNENCUMBERED ASSETS OF THE STRATHMORE CO-OPERATIVE ASSOCIATION LTD. AND MATURE IN 10 YEARS. A BUYING FUND SHALL BE ESTABLISHED TO REDUCE THE DEBENTURES, WHEN THEY MATURE.  
Although the Debentures are shown up for 10 years, it is the hope of the Board that they will be paid before they mature. They also will consider after one year, the redemption of any Debentures on an installment basis.  
Date and transfer of Debentures will be permissible but must be registered at the head office of the Association.  
A copy of the prospectus will be sent to every subscriber and is available on request.

There is no guess-work, no speculation, with permanent Life Insurance

Permanent Life Insurance values are guaranteed. All the amounts are carefully set out right there in your policy. The amount of protection is there, the Cash Values are listed—clearly stating the monetary worth of your savings investment for years to come. You can plan on retirement, for example, with absolute certainty that the income promised in your policy will be paid. With permanent Life Insurance there is no guess-work, no speculation. These are safeguards no other long-term savings plan can offer.

## NEW FLEXI TOOTH

HARVESTS MORE CROP - PICKS UP FEWER STONES

Paul Tooth is a plastic harvesting tooth, developed by Imperial Oil. This new flexible plastic pick-up tooth will ride over or by-pass most stones, rocks, and other obstacles. Paul Tooth not only harvests more crop, it also picks up fewer stones.

Imperial Oil Agent in your area will give you more information.

**THE ALBERTA**  
**MEDICAL PLAN**

## WMA, THE ALBERTA MED

The Alberta Medical Plan is a measure to provide a pre-payment medical plan covering the costs of medical, surgical and dental services, for all residents of Alberta, regardless of health, age, or occupation. The Alberta Medical Plan provides financial contributions toward premium payments for those in defined income levels.

Sponsored by the Government

of Physicians and Surgeons, this coverage is made available through the approved insurance companies in Alberta, members of the Canadian Health Insurance Association and Medical Services (Alberta) Incorporated.

### WHAT ARE THE BENEFITS?

Benefit under the Alberta Medical Plan provides for the payment of medical surgical and obstetrical services when conception occurs subsequent to date of coverage of any physician when required for pre-operative services or the operative treatment and care, specialist and ancillary services as defined under regulations, anaesthesia services, and necessary laboratory services and diagnosis and including X-ray when ordered and or provided by a medical practitioner.

## WHO IS SLOGLU?

As well, it is available on a group basis through your employer.

**IS THE PRINCIPAL FOCUS?**  
The Alberta government has

size companies and below this maximum, premium levels may vary with the company of your choice, thus maintaining the regulation of the market place and the force of competition to the benefit of the insured.

Enrollees under the Alberta

the basic benefit available under the plan with such additional benefits as they may choose in consultation with their insurance company. However, the premium charged for the standard coverage may not exceed the maximum rate established under the Alberta Medical Plan. Any extra premium for additional benefits must be the responsibility of the insured.

The Alberta Government will

The Alberta Government will pay a portion of the premium for those residents of Alberta in the defined income levels. A resident to receive a subsidy must be a person who has resided in Alberta for 12 months of the preceding 24 months.

Alberta residents whose time

- to federal government tax regulations, will benefit from government contributions toward pension costs on the following basis—one person \$18.00 a year  
two persons \$42.00 a year  
family of three or more \$71.00 a year
- It must note those already covered under a group plan will benefit by the same contributions from the provincial government.

Alberta residents whose faces

- Individual government plan regulations:** will benefit from provincial government contributions toward premiums costs on the following basis—  
one person \$9.00 a year  
two persons \$21.00 a year  
family of three or more \$36.00 a year
- In most cases those already covered under a group plan will benefit from the same contributions from the provincial government.**

**When is the best time to book?**  
The starting date for January

## A NEW FIELD IN CIVIC

## ADMINISTRATION

A growing trend towards the use of city managers offers more excitement to the political life of Canadians more interested in local government and they don't have to run for election, reports Frank Giesley in *The Financial Post*. The reason is that the city manager is a career chief administrator of an urban centre with all its complexities and the needs and desires of its citizens.

For example, in 1976, about 100 out of up to 120,000 annually and more in Canada currently doesn't offer much academic tuition for such a position as a *public administration* degree. A *public administration* graduate would have to take a post-graduate course in civic administration. Certain Canadian universities do offer limited courses in the area of public administration but the federal and provincial governments but no national attempt has been made as yet to fill the gap—and there's a noticeable shortage of trained people.

## Dist. An. Notes

**CORRUGATION IRRIGATION**  
 William Gossard and Jack Ward of Arrowwood have set four Irrigation corrugation shovels. Leigh and Gossard have each irrigated about 40 acres of rolling land from a well in the fields. The water from each well meets no water in wanted flooding low spots and bringing up all soil. They use 6" and 5" Aluminum pipe. Some of it has been electrically the water in order to waste none.

The corrugations are small furrows 30" apart which carry water from 1000' to a quarter mile over rolling land. The water is under but control those with mild flooding, and more acre may be irrigated in a day with less shovel work. The disadvantages of ruts in a field may not be as great as one would think.

By Miss L. Warrack  
The June meeting of the Ladies

Mr Jack Harrell returned home Tuesday from the hospital and is feeling much better. Reports are that Mrs. Cramer is also counting along nicely in the General Hospital.

Mrs. Green gave an informal report on the District 10 Conference held at Olds. Mr and Mrs G. Corbett and Mrs J. Douglas also attended the Conference. A humorous reading "The Strange Wedding of W. W. Ward," read by Mrs. N. McMillan was heartily enjoyed by all.

Next meeting will be on July 1st at Mrs. A. Doumer's. A special feature will be the singing of songs.

## HARVESTS MORE CROP - PICKS UP FEWER STONES

Field-tested last year on the granite, this innovative stone, flexible harvesting tool has enabled good labor pick-ups (no power to be required) - and increased crop yield. Field tests can be lowered closer to the ground. As a result, Field Tons harvest more crop per acre.

## EDITORIAL

### HURRY BACK JACK

THE STRATHMORE STANDARD is pleased to announce the return of Jack Macdonald to the paper. Jack has been away for some time, but he is now back and ready to take up his duties. We are sure that his return will be a great asset to the paper and to the community.

## A FEW COMMENTS

With the summer months drawing to a close, it is time to look back on the year and see what has been accomplished. The Standard has been fortunate to have a number of good stories and features that have been well received by the readers. We hope that the readers will continue to support the paper and that we will be able to provide them with more interesting and informative news in the future.

**M**ore than 100 million people in the United States are taking the "little white pill" for high blood pressure. But how many of them are taking the right one?

The answer is, "It depends." Because there are so many different types of blood pressure medications, it's important to know which one is right for you.

There are two main types of blood pressure medications: diuretics and beta-blockers. Diuretics help the body get rid of extra fluid, which lowers blood pressure. Beta-blockers slow down the heart rate, which also lowers blood pressure.

But there are also many other types of blood pressure medications, including ACE inhibitors, calcium channel blockers, and vasodilators. Each type of medication works in a different way to lower blood pressure.

And that's why it's so important to talk to your doctor about which medication is right for you. Because the right medication can make a big difference in how well your blood pressure is controlled.

There is a growing consensus that the world is becoming more globalized, and that the world economy is becoming more integrated. This is a result of a number of factors, including the increasing importance of trade, the growth of multinational corporations, and the increasing use of technology. This paper will discuss the factors that are driving globalization, and the impact that globalization is having on the world economy.

**POLICE NEED HELP!**

At the Strathmore Police Station, the police are doing a very good job of keeping the streets clean and the peace of mind of the citizens. But they need your help. The police are not a police force, they are a police service. They need your cooperation to do their job. If you see a crime being committed, report it to the police. If you see a suspicious person, report it to the police. If you see a suspicious car, report it to the police. If you see a suspicious dog, report it to the police. If you see a suspicious building, report it to the police. If you see a suspicious fire, report it to the police. If you see a suspicious person, report it to the police. Joseph Thomas,  
Returning Officer.

### Farm Estate Planning

By L. D. LARSON  
Here's an interesting example of an income tax problem that sometimes arises. Mr. J. B., a successful farmer, plans to market several thousand dollars' worth of livestock and grain next month. This money, of course, would be part of his income for the year. But then Mr. J. B. is involved in a serious automobile accident and is killed.

Did you know that the value of this livestock and grain he was about to sell must be included in calculating his income tax liabilities? This means that like Mr. J. B.'s year's estate may be subjected to both income tax and estate tax.

This is just one of the many problems that come under review in my Farm Estate Planning Service. Perhaps this service could be of invaluable assistance to you.

# JUNIOR CITIZEN AWARD WINNER

**RONNIE LEIREN**

**SAWLF, ALBERTA**

It was the Easter holidays, and Ronnie and his brother and sister were visiting their cousin from the city into the mysteries of farm life.

It was a week though, that turned out to be almost tragic!

The afternoon was lovely, just meant for exploring - and when they found some logs in the drainage ditch, the temptation to use them to cross proved too great.

Returning back across the drainage ditch three of the children crossed safely, but Ronnie's six year old sister slipped and fell into the water. Ronnie jumped

into the water and grabbed her. The perks he came off over her head and the girl was floating downstream. Ronnie swam over her and pulled her to safety. But for his quick action his sister

would have drowned.

Not only did he save her life, but also showed the presence of mind to remove her wet clothes and wrap his dry jacket around her before carrying her home.

The editors of Alberta's weekly newspapers join with us in congratulating Ronnie - a member of the Beaver Scout Troop.

This is one of six announcements about the 1964 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mr. and Mrs. James Thibault of Holey, Alberta and to the Editor of the Canoe Canadian who nominated Ronale for the award.

# Life Begins at 40

the 50,000 members of the Alberta Wheat Pool can take pride in the achievements, though many advocates, of the last forty years. The Pool has built a successful enterprise. It combines and operates very gainfully, and has distributed earnings in substantial percentage dividends for 27 years; and it has built reserve savings for its members retirement and other later years.

Its benefits have been spread beyond its membership. The whole farming community has enjoyed higher returns for production, better facilities, greater security and a higher standard of living generally as a result of the Pool's labours and leadership. And a healthy and progressive agricultural industry has contributed substantially to Canada's prosperity and progress.

Co-operation has been successful. But co-operation is only strong as long as its people continue to work together. The co-operative Wheat Pool needs the support and patronage of every farmer to build for the future. Life for the Pool begins at forty. Much has been achieved. There is more to be done to preserve and improve the status and standards of farmers, to contribute to the progress of the community and to maintain throughout Canada the prestige and influence that our great industry deserves and needs.

**LARRY MORIN**  
9718 - 150 ST. EDMONTON

When Larry was only twelve he learned he was a diabetic. He had to forgo active school sports, baseball and football - all the sports a boy loves. This was quite a sacrifice to impose on such a young boy. But far from feeling sorry for himself, Larry developed talents for helping other children.

His aim in life is to become a doctor specializing in the problems of diabetic children. A worthwhile goal - don't you agree?

He has done exceptionally well in school. He completed his Grade 10 with an "A" average. He is a Sunday School teacher, and an enthusiastic member of his church's Young People's Group.

group "The Balladeers" which entertain in and around Edmonton.

Larry has been a counselor at the Lake Isle Camp for crippled children and last summer worked with diabetic children.

Calgary Power joins with the editors of Alberta's weekly newspapers in congratulating Larry on his courage and determination to live a full life in spite of his handicap.

This is one of six announcements about the 1963-64 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner, special thanks go to Mrs. Elsie B. Barnes of 5811 - 110 Ave., Edmonton and to the Editor of the Beverly Page, who nominated Larry for the award.

### POPPY... FLOWER OF REMEMBRANCE

An interesting article in the November issue of the National Library League will tell you that the poppy is the flower of remembrance. It is the flower that we wear on our lapels and in our hats to remind us of the brave men and women who have given their lives for our freedom. The poppy is a symbol of remembrance and it is a symbol that we should all cherish.

# ANNOUNCING

## Continuation of The John Deere Dealership in Strathmore

We are pleased to announce that we will continue the John Deere dealership, formerly held by Strathmore Motors Ltd., and are ready to serve the many John Deere customers in the district.

We guarantee all overhauls and repairs. All our work is done to company specifications. Our customer satisfaction is our pledge.

Having taken over this business on the first of November, it has been a pleasure to meet many of you, but I invite new friends to drop in and say hello so we may get acquainted.

We will serve you with an increased stock of parts and assure you good service on what we are operating from the same location.

Farm Estate Planning

By L. D. LARSON

Here is an interesting example of an income tax problem that sometimes arises. Mr. J. B., a successful farmer, plans to market several thousand dollars' worth of livestock and grain next month. This money, of course, would be part of his income for the year. But then Mr. J. B. is involved in a serious automobile accident and is killed.

Did you know that the value of this livestock and grain he was about to sell, must be included in calculating his income tax liabilities?

This means that like Mr. J. B.'s your estate may be subjected to both income tax and estate tax.

This is just one of the many problems that come under review in my Farm Estate Planning Service. Perhaps this service could be of invaluable assistance to you.

### The First Christmas

And it came to pass in those days that there went out a decree from Caesar Augustus, that all the world should be taxed. And all went to be taxed, everyone in his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, unto the city of David, which is called Bethlehem, because he was of the house and lineage of David.

And so it was, that while they were going to be taxed, Mary also went with him, being with child.

And when they were there, the days of her delivery were fulfilled. And she brought forth her first-born son.

And when she had brought forth her first-born son, she wrapped him in swaddling clothes, and laid him in a manger, because there was no room for him in the inn.

And when the angels came to him, and said unto him, Fear not, for thy son is born.

And when the angels came to him, and said unto him, Fear not, for thy son is born.

And when the angels came to him, and said unto him, Fear not, for thy son is born.

And when the angels came to him, and said unto him, Fear not, for thy son is born.

## GORDIE HOWE'S HOCKEY

By Gordie Howe

We're always told to head-on the puck. But it's the player's head of us, because the puck can travel faster than you can think. Whenever there is a possibility of a long pass, that's just what you want. The puck doesn't go over two feet, for instance your blue line and the center red line. That's illegal.

Another thing to remember, the puck is the danger zone in it.

Post Office staff at the Bethlehem Post Office has handled more cards, more parcels in and out this year than ever before, according to postmaster Nore Martin. Pausing behind the line of mail slips that arrived last Friday (left to right are Hazel Peterson, Postmaster Martin, Christmas rush helper Ellen Nelson and Mary Morin).

Rowe said they have been breaking records since the first of December. They knew they were in for a big season because they sold more stamps & money orders before

December 1 - 18 than ever before.

"The parcel movement has been very heavy," Mr. Martin said yesterday, "and there has been no stop. We said a lot of stamps to come so we expect many more cards to come in."

## Christmas At Wheatland Lodge

Religious friends and members of the Wheatland Foundation (Inc.) enjoyed a Christmas party at the guests and staff of Wheatland Lodge in Midale, Sask.

The supper was served by Mrs. Mary Morrow of the town. Mrs. Morrow sang a Christmas song and a reading was given by one of the staff. The staff of the lodge presented a fashion show in the evening which was very much enjoyed by all present. Mrs. Morrow gave the money to the fund for the needy.

One of the highlights of the evening was when Santa Claus made his appearance to distribute the gifts to the children in the room. The error of the night is prevented without practice.

## Plastic Wreath

A plastic wreath that is beautiful and lasts for years is now available. It is made of plastic and is very durable. It is also very easy to make and can be made in many different colors and designs. It is a great gift for the holidays and can be used for many years to come.

**Helicopter Santa**  
By Barbara H. Dewe

It is Old Lu ready, Santa cried. Clashed and rided for my Christ mass ride.  
Are the bells all light, is the body clean?  
Is it wound and polished so it will gleam.  
So the stars will wink and twinkle day.  
And the moon will laugh in a friendly way?  
Are the toys crammed tight in every sack.  
Of my secret? Take a second look.  
To me that every little one, has his special gift are the night is done!

A wrinkled gnome stood dourly by while merry sports flashed from each eye.  
"How can you doubt me, Santa?" said he.  
"I've tightened every nut and bar!" Old Lu is very dear to me.  
He beamed all polished, fueled and checked.  
In festive colors she's all bedecked and checked.  
The masters are humming, she's cozy and warm!  
Indeed, air you'll find she'll work like a charm!

Then Santa rubbed his hands with glee.  
He beamed all over plans to see he would his pack upon his back. Then chuckled, "Tim, you have a knack!"

I never worry, truth to tell, I serve my helicopter well. You've done your stint for a decade. Your mechanic skill will never fail.  
I thank you, Tim, I spoke in fun. And now 'tis time for my midnight run!"

So Santa gave his wife a kiss. And nimbly stepped aboard Old Lu's machine.

## SEEDTIME AND HARVEST

Severe frosts of last week occurred throughout the Prairie Provinces in 1955. Not since 1934, a year in which last frost and storm cut Western farmers at least \$100,000,000, has last frost been so widespread and destructive as it was this year.

Last Frost and Heat. In 1955, some frost of wheat was not a significant factor in reducing yields and yields. This year, however, last frost had earlier onset in some areas. In some areas, however, it was not so severe. During late July and early August was partly responsible for raising an early and rapid destruction of the leaves of wheat plants, particularly of susceptible varieties like Thatcher. This occurred before the kernels had time to fill and was responsible for appreciable reduction in yields and grades.

Definite evidence was again produced this year to show the importance and effectiveness of resistant varieties. There was no doubt a potential threat to this year's crop in Western Canada. Heavy and destructive frosts of this disease were found throughout the Prairie Provinces on Wild Barley, and on the rust susceptible wheat varieties like Bob and Marquis. However, the rust-resistant varieties like Thatcher and Frontenac were very effective in reducing losses from stem rust.

The Challenge Continues. This year's experience emphasizes the fact that the battle against last frost and against other cereal rusts for that matter, must go on in our laboratories, greenhouses and fields. Plant scientists know that nature will continue to present new rust races that can threaten harvest to come. They must be supported and encouraged to carry on their research work so that they will be ready to meet such new challenges. Based on past accomplishments, farmers can look forward with confidence to further improvements in the resistance of varieties of wheat, and of other cereal crops as well, that will offer sound defense against the rust diseases that annually invade and, in some years, cause very serious damage to grain fields in Western Canada.

## GORDIE HOWE'S HOCKEY

One of the biggest changes that has developed in hockey in recent years is the practice of goalkeepers behind their nets to stop pucks that have been thrown in to corners around the boards. I believe Jacques Plante first used this measure. At first he drew much criticism. He was called the wandering goalie. Perhaps he was a little too daring at first until he learned to judge when to go back to make the stop and when not to if there wasn't sufficient time to get back to protect his net. His measure made good sense. Before, the goalie just stood there and his team had the problem of picking up the puck a long way from the net. It was moving.

It's one of the toughest jobs in hockey. While you're looking down trying to make contact with the puck, pick it up, you're a prime target for a body check from an opponent.

Nowadays, stopping those roaming pucks is standard practice for goalies. Time it is easy for him to make to either pick up the puck or pass it about.

The goalie has to be careful about moving out of the goal crease. That's the area extending four feet in front of the goal posts, and a foot to either side of them, marked off by red lines two inches in width.

The goal crease is for protection. A goal will be disallowed or washed out if the referee finds an attacking player guilty of invading the goal crease or even putting his stick in the goal crease area before the puck gets there. (Rule 82).

Once he's out of the goal crease, the goalie is just another hockey player and if he's carrying the puck, he can be body checked.

However, it's risky to try to body him or prevent him from checking him. If he gets the puck away first, the referee may find you guilty of interference if you try to body him.

## Proposed Fund As Kennedy Memorial

Canadians were asked recently to build a living memorial to President Kennedy. The Canadian Association for Retarded Children launched the project by writing to the Canadian John F. Kennedy Memorial Fund for Retarded Children. It will enable Canadians to commemorate the slain U.S. President by backing his favorite project—research grants for the mentally handicapped.

"Canada should build a living monument to Mr. Kennedy, not something made of brick or stone," said Harry (Red) Foster, chairman of the association's board of governors. "The plight of the mentally retarded was close to the heart of the President and his family," he said. Mr. Foster appealed for support for the fund which will finance research to bring new hope to Canada's 600,000 mentally retarded children and adults.

It will also provide scholarships for study in the field. Mr. Foster said Canada lags far behind the U.S., Norway, Sweden and other countries in basic research. "Canada can no longer sit idly by while other countries do all the work," he said. U.S. progress in the field was spearheaded by the late President's 19-year, \$60,000,000 program to combat mental health problems. And through the Joseph P. Kennedy Jr. Foundation, the late President's family has poured more than \$20,000,000 into similar projects.

But far more significant was the Kennedy family's disclosure three years ago that John Kennedy, a sister of the President, was mentally retarded. The Kennedy's dispelled much of the ignorance and shame about mental affliction by letting it be known that a mentally retarded person and U.S. President could be born into the same family. Dr. Allan Heller, national executive director of the Canadian association, said money is needed in research and treatment for retarded children. "There are many scientists in Canada for research into specific causes and treatment for retarded children."

Canada's federal net debt increased from \$1,007,700,000 to \$11,223,500,000 between 1947 and 1952. Canada capable of making important contributions if we had the money for more extensive research he said.

The memorial fund got a \$50,000 start recently. It came from a city businessman with whom Mr. Foster discussed the campaign before it was officially under way. The fund will be administered at the national level of the association, an organization representing 200 local groups. Donations may be sent to its branch in Canada at the Royal Bank or the Canadian Imperial Bank of Commerce and interest receipts will be sent, or you may send your donation to The Canadian Association for Retarded Children, 87 Bedford rd., Toronto.

In every case receipts will be issued for income tax purposes by the Canadian Association for Retarded Children.

## Dict. An Ntpe

Putting up feed as Silage has been abundant over the West and poor feeding can be used as a guide. Many leaves and feed values are usually saved and used as silage. Silage can be made during the summer and you can use the same machinery to put up feed as you use for hay. Proper efficient Silage machinery requires an investment of over \$10,000 which is 10% for interest and depreciation is a machine, overhead cost of 20 per cent on 100 acres of silage. This silage is not economical unless one is feeding at least a few hundred head of cattle.

Corn produced a good silage crop this year because we did not have the usual early September frost. Lettishilg Research Station tested 24 varieties of hybrid corn some such as PAGES and Warwick 60 produced double the silage compared to other hybrids. Silage requires extra machinery and Corn still more. One should have expensive 8 row corn planters and cultivators. A solution might be for three or four fellows to buy one set of silage and corn machinery. One could use it on a good corn crop and weeds this year say not again even though it was a good year. It will take a number of years to prove we are in the corn belt even with the new earlier hybrids.

# Hockey News

By Roy Warren

Banley's hockey action at our assembly was a real treat to the eyes of the Calgary Stampede hockey players. A club 2 to 2. The first period was all even, 1-1, and produced some first class action. The second period was all even, 1-1. The third period was all even, 1-1. The first two periods gave the boys a lot of fun and the third period was all even, 1-1. The first two periods gave the boys a lot of fun and the third period was all even, 1-1.

Calgary got the only goal in the fourth period and outscored our boys 2 to 1 in the final. The Stampede players better maintain hockey and waited in several times, home from in goal. Calgary and only his brilliant stops kept the score from mounting.

Our defense appeared sluggish at times, especially when the team was short handed due to penalties, both minor and major. The team didn't seem to relax the fight as they came to watch hockey and we suggest maybe a couple of 1500 fans would cure this type of activity. Giffen, Peterson and Smith looked good and played well with Giffen scoring once. Roy Christie got the other.

The Stampede players downed the Canadian boys 10 to 5 Friday night in action. The boys provided a very pleasing game. Despite the score the Canadian boys played well and only the good stopping of Durrill, Cooke, kept them off the scoring line. We look for an improvement in their playing in the near future. Farn and Waters, each scored twice with singles in Halverson, Page and Watson. Assists to Watson, Havel and Damsen.

The young team in our series carries the member of Olympic. Did you ever see a team who looked more handsome or needed more loving care than our boys? That we can't give up on them yet as last week they showed that they are not ready for their destiny. These old pros take a long time to get things up but they indicated better things to come and maybe before Christmas too. They scored three and only gave up one in this league by surprising some merchants from Woodville leading them to a 2-1 tie.

The holidays in the dressing room after this game was able to help and we suggest you fans come out tonight and join in the fun. We should like to see the boys in their own and center circle but they showed, as definitely as the Stampede boys.

Gordon Grant, Norman Morin and Cliff Hesterman scored 21 points over the last 4 games which is really flying. Elmer Holbrook 5 assists, 10 points 3 goals, Lou Holbrook 3 and 1, J. Jorgensen 1 and 2, and 1, Joe Veronesi 1 and 1.

Calgary played hockey in the playoffs 3, Orphan 3, Royals 3, Killarney 3, Royals 4, Woodville 3.

This was decided at a Liberal Executive meeting held in "Gardner" Monday night in reply to the motion. Mr. Hunter said "I would like very much to see at this by-election and would certainly be proud to be the Liberal Party candidate of the Three Hills constituency."

I am most anxious to join Bill Damsen and Mike Macdonald in the legislature so that we may more effectively make that contribution. He went on to say "I believe that many more government support in the Three Hills constituency, knowing the government of that choice is secure with 50 seats, will be voting on January 20th to give me an opportunity to serve Alberta."

# Flyers Win Over Tuxedo

Other than during the second period, the Flyers won the Calgary Tuxedo like a hot on Saturday night at the Crestview Arena. The Flyers won 4 to 1 after the first period, 2 to 0 after the second and after 10 minutes, Strathmore were the winners by a 7 to 3 count.

The front line of Flyers between Young and Phillips looked mighty good as they split with Young heading in a goal and Phillips assisting on another goal. Phillips and Young got the goals. Wilson and Smith each got an assist.

Bob Wilson's boys were given full marks for the win. They were hot and worked hard all the way. They did not look as strong in the second but even at that, they were giving their opposition more trouble than ever.

Sam Christensen, although didn't get on the score sheet was a great play for the club while they were out.

Century gift certificates are seldom used as business gifts. Recently however, some people have been using them as a gift certificate.

This innovation has been brought about by the selective gift company, a holiday gift buying service for the business and industry. The gift buyer simply decides how many presentations he wants at each price range and the selective gift company does the rest, purchasing gift wrapping and mailing.

The innovation is a selective gift presentation. It is a permanent booklet that illustrates a dozen or more gift selections accompanied by a selection card. The giver sends the booklet, the recipient sends the appropriate card to the gift service to receive the gift of his choice.

The holidays in the dressing room after this game was able to help and we suggest you fans come out tonight and join in the fun. We should like to see the boys in their own and center circle but they showed, as definitely as the Stampede boys.

Gordon Grant, Norman Morin and Cliff Hesterman scored 21 points over the last 4 games which is really flying. Elmer Holbrook 5 assists, 10 points 3 goals, Lou Holbrook 3 and 1, J. Jorgensen 1 and 2, and 1, Joe Veronesi 1 and 1.

Calgary played hockey in the playoffs 3, Orphan 3, Royals 3, Killarney 3, Royals 4, Woodville 3.

This was decided at a Liberal Executive meeting held in "Gardner" Monday night in reply to the motion. Mr. Hunter said "I would like very much to see at this by-election and would certainly be proud to be the Liberal Party candidate of the Three Hills constituency."

Our defense appeared sluggish at times, especially when the team was short handed due to penalties, both minor and major. The team didn't seem to relax the fight as they came to watch hockey and we suggest maybe a couple of 1500 fans would cure this type of activity. Giffen, Peterson and Smith looked good and played well with Giffen scoring once. Roy Christie got the other.

The Stampede players downed the Canadian boys 10 to 5 Friday night in action. The boys provided a very pleasing game. Despite the score the Canadian boys played well and only the good stopping of Durrill, Cooke, kept them off the scoring line. We look for an improvement in their playing in the near future. Farn and Waters, each scored twice with singles in Halverson, Page and Watson. Assists to Watson, Havel and Damsen.

The young team in our series carries the member of Olympic. Did you ever see a team who looked more handsome or needed more loving care than our boys? That we can't give up on them yet as last week they showed that they are not ready for their destiny. These old pros take a long time to get things up but they indicated better things to come and maybe before Christmas too. They scored three and only gave up one in this league by surprising some merchants from Woodville leading them to a 2-1 tie.

## Flyers Swamp Inglewood But Lose Two Other Games

We haven't had any statistical reports from Calgary Junior League headquarters since the first of December, but Bob Crella of the Strathmore Flyers has had and shoulders a load of all others at this time and is a little bit in the red.

Since the last publication of the Standard three games have been played and he has increased his point standing by 12. He gained a big 7 points on six goals and an assist against Inglewood on December 21 and helped to beat Calgary entry 14 to 4.

Ron Wilson is in fine fettle too. In the same three games he came up with a 10 point effort, getting 6 of them at the expense of Inglewood, 4 goals and a pair of assists.

On December 18, they met the Black Hawks in the Central, but were turned back by a 10 to 5 score. Crella got a pair, Young and Wilson net singles. The scores were evenly split as well and Nimmil ended on five and Phillips on four.

The Strathmore boys now away

with the Inglewood crew on December 23 to their own set, taking them to score twice in a close one.

Johney Giffin from the Juvenile line to played for the Flyers, this time and got a goal and two assists. Goal net goals were Wilson 4 and 6, Crella 4 and 3, Dorella 1 and 4, Phillips 1 and 2, Brockhead 1 and 2, and Andrus went to 10.

They played South Calgary last Saturday night. The two teams were very evenly matched throughout and Strathmore was not out of the line frame and lost the game 1 to 7. The last Calgary goal came when Catch Wilson took Crella and Ron Wilson out of the nets during the last minute of play.

Johney Giffin showed up well in this one getting a pair of goals. The others were scored by Phillips Dorella and Crella. Assists went to 17. Wilson (2), Dorella and Crella played an outstanding game and the last time out or the score could have been different. These South Calgary boys are high up in the league standing and it takes a lot of teams to keep up with them.

## Mrs John Sharp Laid To Rest

A former Strathmore resident, Mrs Mary Ann Sharp, passed away at the Grande Prairie Hospital December 17th.

Born in Dunblane, Scotland, she came to Strathmore in 1914 and resided here until 1921 when they moved to Grande Prairie.

Surviving are her loving husband, John, a son Robert both of Grande Prairie, one son Mrs Margaret Gilliam, Clyde, two brothers Robert of Calgary and Wiley of Calgary, and three grandchildren.

Funeral services were held from the Grande Prairie United Church on December 20 with Rev. Donald Pinner in Charge.

pallbearers were Harley Wilson, Bob Parsons, Ralph Sene, Dick Cochrane and Earl Robinson.

## Standard

By Mrs. H. E. Kinnear

Mrs. H. E. Kinnear travelled by train to the coast for the wedding on January 11 of her son-in-law to Dorothy Higgins. The quiet ceremony was performed in the chapel at the Maden Hotel. A reception was held at the home of the bride.

Mrs. H. E. Kinnear returned to Strathmore on Tuesday, but with the help of friends, it was much better. Mrs. Kinnear has received word that her mother is a patient in the Drumheller Hospital.

Remember the P. W. H. Stanley Tournament on Saturday, February 1 Standard will play Armstrong at 10:30 a.m. Reminded by the success of some Strathmore in the 1937 season, the Standard will play at the 1938 season of the first and second games will play at 10:30 with the third game at 10:30. It is a busy and exciting day.

Among those coming to the Standard Hospital were Gertrude Mace, Mrs. W. H. P. H. Stanley and Dorothy Higgins. They were a set of gloves. Fourth prize in the fourth event was Mrs. H. E. Kinnear.

All today were very busy. Last weekend's Standard Hospital game in Strathmore, ended in a 1-1 victory for Standard. This week's game in Strathmore, ended in a 1-1 victory for Standard. Standard will play a second match with the 1938 season.

The P. W. H. Stanley Tournament on Saturday evening 6:30 Sunday they travelled to Strathmore. Robert Maden, Dave Dwyer, and Fred H. Stanley scored Standard's three goals while Standard failed to net a goal. P. W. H. Stanley also played in Strathmore on Saturday, but lost by six goals to three.

The Standard played in Rockyford on Saturday with Standard's winning by a score of 4-1.

Mrs. H. E. Kinnear and Alvin Yule left for California. Eric will visit his sister at Salinas while Alvin will spend time at Alessandro with Mr. and Mrs. H. Stanley. Mr. and Mrs. H. Stanley are in Strathmore. Mr. and Mrs. H. Stanley are in Strathmore. Mr. and Mrs. H. Stanley are in Strathmore.

## International Vice-Pres. Coming Here

The meeting felt that many neighboring clubs will want to attend, possibly more than the Memorial Hall will hold, so a committee was set up to make all arrangements for the gathering.

Mr. Morris, Loy Wheeler and Keith Merg. The District Governor will also be present and will introduce the Lions International Vice President.

## Armed Robber

Reggie Allen Gibbs, 22 of Turrence, B.C. hired a taxi to come out from Calgary. When they reached Landed in Corvax he persuaded the driver to stop the car and get out with a 26 inch blackjack. He took \$1.00 of the driver's \$5.00 and went on his merry way.

He went before Magistrate Ferguson Monday afternoon and he was arraigned for possession of

## A FEW COMMENTS

Upon a recent visit to the Strathmore area, I was struck by the beauty of the area and the friendliness of the people. I was also struck by the fact that the Strathmore area is a very important area and that the people who live there are very important. I was also struck by the fact that the Strathmore area is a very beautiful area and that the people who live there are very friendly.

But an interesting report of the February 1936 meeting held at St. Oppertine Church was given by Miss Jeanette May. Interest was aroused by the mention of a source in the national by the December Annual meeting of January March 1936.

It was announced that after discussion by the men of the Vestry of a resolution on the formation of a new church, the church was to be held Thursday April 9 at 10:30 in the evening.

Consent of the members, Mrs. Keating extended and another of the members, Mrs. Keating, was to be held at the Methodist district.

There was a report by Miss Nellie and Miss Kate May. Mrs. May was announced as a member for the evening. No meeting, April 9.

## OLDS-a sure feel for action -a solid sense of value!

Point on Oldsmobile toward the horizon and let her go. That's Rocket power you feel pushing you deeper into your seat. And every Olds has it in good measure. How good? Up to 345 hp with the Starfire V8.

Now, take Olds over back roads. Then, there are bumps you see but don't feel. Oldsmobile's balanced coil spring suspension takes care of that. Pilot an Oldsmobile into a crowded city canyon. Notice how smooth and relaxing downtown driving just became. That's because Oldsmobile's Steering, Hydramatic Drive, Roto-Matic Power Braking and Power Locks (optional, at extra cost on some models) take on the effort, and leave you the fun.

Sooner or later, you'll get that Oldsmobile feeling. And when you do, your Olds dealer is the man to see. He has 21 variations on the Oldsmobile action and value theme. Buying any one makes very good sense.

Paul Rogers,  
Returning Officer.

## Accident Vaccine?

WILL, NOT EXACTLY. You soon get your police as a major factor of safety; today's accidents have made the disease a comparatively rare but, even when police are clanking lives by the hundreds, traffic accidents were killing more people under 25 than any other cause of death—and they still are. Do we have an accident vaccine? No. People can't be vaccinated against accidents, but the toll can be cut down through the teaching of correct driving habits—and safety habits—to our teen-age population at the formative stages in their lives. This is what the automobile insurance business does through its sponsorship of the National Young Men's Driving Campaign—the education of a class-to-come from the cradle of driving competition, teaching more than 10,000 young drivers at 224 Canadian community centers last year.

## Vic & Anne in the Caribbean

By Vic Roberts

Continued from last week:

On the trip we saw very little of the Caribbean. We saw the sea, the sun, the sand, and the palm trees. We saw the people, the food, and the music. We saw the beauty of the Caribbean, and we saw the love of the people.

## Chevrolet

A GENERAL MOTORS VALUE

Ask the  
owner about  
Chevrolet's  
performance...

Per parts I have used Chevrolet trucks for my city and country deliveries. I have always had really good service from Chevrolet. With very little trouble, I recently traded a 1964 one-ton Chevrolet medium truck which had just 2500 in it for a 1964 Chevrolet. I have found that Chevrolet is still in the lead when it comes to reliability and performance. From engine to rear axle, everything is original.

This kind of low service has convinced me that I buy the right trucks when I buy Chevrolet. The mileage is better than on other make of truck I have owned. I am sure that Chevrolet will last a long time of power there for their best work.

A well-known operator such as mine is hard on all parts of a truck but, from my previous experience, I know my Chevrolet will stand up to the job.

Very truly,

## Jr. Play-off Hockey: Flyers Vs. Black Hawks, Sat., March 28 - 8:30 pm

LOOKING FORWARD...  
on our 1st anniversary!

**SALE**

**MARCH 26 - APRIL 4**

**-: Grocery Savings :-**

Past experience has shown us, the member owners, that we were wise in building a new store. We have been successful in service wise, savings wise, and satisfaction wise - that, it can benefit from the Co-operative way of doing business! When friends and neighbors in a community unite in a co-operative for a common purpose of serving themselves, they can serve others too, by keeping prices down - by bringing quality up - by keeping money "at home". We have inherited the benefits the early consumers dreamed of and planned for. And in ALL WAYS we feel what has served us so well from the past is true for the future. We are truly LOOKING FORWARD to having others share these benefits with us.

THE AMERICAN CHURCH  
STRATHMORE AND DIST.  
ST. MICHAEL'S & ALL A.

**Alvin W. A.**  
Eleven members were in attendance for the April meeting of St. Michael & All Angels' W.A. A report of receipts from the St. Patrick's Tea showed it to be a very successful afternoon. Miss Neville and Miss Manning were a special attraction.

It was decided to sponsor a Bako Sale at Walter's Hardware on April 24. The sale was scheduled for 10:30 a.m. Holy Communion was celebrated at 11:00 a.m. by Rev. Dan Brown. The Bako Sale was a success and the proceeds were used for the purchase of a new altar cloth for the church.

**Rosebud**

By Mrs. D. J. 1963

A definite group of about 100 members of the Rosebud Club, which was organized in 1952, met for their annual meeting at the home of Mrs. J. H. Smith, 1000 10th St. N.W., on Tuesday, April 28.

The club's purpose is to promote the welfare of the Rosebud area and to provide a social outlet for its members. The club's activities include social gatherings, fund-raising events, and community service projects.

The club's members are proud of their club and the area it serves. They are committed to making a difference in the lives of the people in the Rosebud area.

**Standard**

By Mrs. D. J. 1963

What began this week on the Standard's front page was a story about the Standard's 100th anniversary. The story was about the Standard's long history and its commitment to providing the community with the news and information they need.

The Standard's 100th anniversary is a time to reflect on the club's achievements and to look forward to the future. The club is proud of its long history and its commitment to the community.

### Not Inexpensive

The average Canadian worker, who is not a member of a union, is paid less than the average American worker. This is true in almost every industry. The reason for this is not that Americans are paid more, but that the cost of living is higher in the United States. The average Canadian worker is paid about 75% of what the average American worker is paid. This is not a fair comparison, as the cost of living in the United States is about 25% higher than in Canada. **Be Courteous**  
Give a smile with your service. Courtesy costs nothing, but its price is above rubies. Let our visitors remember Alberta as the Province with the good manners.  
**Be Helpful**  
Do all you can to help strangers find their way around. Give them as much useful information as you can. Help them to know and like your Province.  
**Be Friendly**  
It's nice to get acquainted. Talk to tourists in campgrounds and recreational areas, tell them about your community's activities and attractions. Let them know you're pleased to see them, and encourage them to prolong their stay.
